

**DEMOCRACY**  
**IN THE BALANCE**  
**MONEY, SPEECH AND POWER**

Dear \_\_\_\_\_,

The LWV of \_\_\_\_\_ invites you to be our guest at a discussion on the topic of Campaign Finance. Come find out about how money is affecting our current election.

How has campaign financing changed over the last decade? Where is all the money coming from? Does it matter? Do we have a problem or no problem at all?

Is it important who or what has Constitutional Rights?

We promise a thought provoking, civil discussion, in a comfortable setting.
